AMERICARE MEDICAL, INC. ENTERS INTO NEW ARRANGEMENT WITH ST. MARY'S MERCY HOSPITAL OF LIVONIA TO PROVIDE HOME CARE TO DISCHARGED PATIENTS

Troy, MI, AmeriCare Medical, Inc., Troy, MI based Home Health Care Services Corporation has entered into an agreement with St. Mary's Mercy Hospital, a member of the National Trinity Health System, to provide Durable Medical Equipment /Respiratory, Private Duty Nursing, Home Infusion Pharmacy and other health care related management services to their discharged patients.

Company Senior Vice President Greg Boyajian stated that "We have committed to making a significant investment into our new relationship which will improve upon the quality of their home bound services for patients discharged from St Mary's" He further said "that with our comprehensive service offering or one-stop-shopping, patient options will be increase. AmeriCare's on-site specialized management services will assist the hospital's existing operations with cost effective programs" Home care companies must offer more than the typical routine products and services to compete. "The paradigm has shifted," exclaims company President Gregory Jamian. "As hospitals look to further reduce their cost, outsourcing specialized operations that experienced, quality partners can provide at a much lower price, makes a lot of sense"

AmeriCare has provided comprehensive home care services through hospitals, insurance companies, governments and unions for over 28 years. They are nationally Accredited by the Community Health Accreditation Program (CHAP)
